## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the County Board McDonough County, Illinois Macomb, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of McDonough County, Illinois (County), as of and for the year ended November 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 23, 2015.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2014-001 and 2014-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and questioned costs as items 2014-003, 2014-004, 2014-005, and 2014-006 to be significant deficiencies.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **County's Response to Findings**

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in consider the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Members of the County Board McDonough County, Illinois Macomb, Illinois

#### **Report on Compliance for Each Major Federal Program**

We have audited McDonough County, Illinois' (County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have direct and material effect on the County's major federal program for the year ended November 30, 2014. The County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination on the County's compliance.

### **Opinion on Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended November 30, 2014.

### **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit on compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purposes.

### Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of McDonough County, Illinois as of and for the year ended November 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated July 23, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic The accompanying schedule of expenditures of federal awards is financial statements. presented for the purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

### For the Year Ended November 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### General

The accompanying Schedule of Expenditures of Federal Awards includes the activity of all federal financial assistance programs of McDonough County, Illinois. The McDonough County reporting entity is defined in the Summary of Significant Accounting Policies section of the County's basic financial statements. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through to other government agencies are included on the schedule.

#### **Basis of Accounting**

The accompanying schedule of expenditures of federal awards is prepared on the modified accrual basis of accounting, which is described in the Summary of Significant Accounting Policies to the County's basic financial statements.

#### Nonmonetary Assistance

Nonmonetary assistance is reported in the schedule at the fair market value of the nonmonetary assistance received and disbursed (utilized).

#### **Other Noncash Assistance**

The County did not receive any federal awards in the form of noncash assistance for insurance in effect during the year, loans, or loan guarantees.

### 2. IMMUNIZATION VACCINE

The McDonough County Health Department received and utilized immunization vaccine during the fiscal year in the amount of \$13,544. At November 30, 2014, the fair market value of vaccine on hand was \$7,340.

### 3. NONCASH FOOD INSTRUMENTS

The County participates in the Supplemental Food Program for Women, Infants, and Children and issues food instruments to eligible participants. The food instruments can be exchanged for authorized supplemental foods at retail stores. The State of Illinois processes and tracks the food instruments redeemed. The federal portion of food instruments distributed by McDonough County and redeemed during the period July 1, 2013 to June 30, 2014 was \$228,279 and is reported in the Schedule of Expenditures of Federal Awards. Information is not available from the State to report this information on the County's fiscal year.

### 4. SUBRECIPIENTS

The County did not provide any federal awards to subrecipients for the year ended November 30, 2014.

## 5. DESCRIPTION OF MAJOR FEDERAL PROGRAMS

The major federal program of McDonough County is the Highway Planning and Construction (20.205). These funds are used to assist states in the planning and development of an integrated, interconnected transportation system, for transportation improvements to Federal-aid highways and other public roads, to foster safe highway design, to replace or rehabilitate deficient or obsolete bridges, and to provide for other special purposes.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

Section II – Financial Statement Findings

2014-001 Lack of Segregation of Duties

### **<u>Criteria/Specific Requirement</u>**

The County should implement procedures regarding segregation of duties to prevent employees from having access to financial records and/or assets of the County which could allow the employee to perpetrate fraud for their personal financial benefit. A proper segregation of duties is an integral part of an internal control system to safeguard an organization's assets.

### **Condition**

During our audit, we noted instances where employees have access to financial records and/or assets of the County. Specifically, we noted a lack of segregation of duties over cash receipts and disbursements. We noted that the individual that prepared the checks for vendor payments also stamped the check with one of the two required signatures and mailed the payments. We also noted that the same individual in the Circuit Clerk's office recorded the transactions, made deposits, prepared checks, has access to the stamp of the required signature, mailed checks, and reconciled the bank statements. We also noted where the employee responsible for payroll processing is also responsible for adding employees to the payroll system, making changes to existing payroll, and removing employees with no formal review by a second individual over the payroll function.

### **Questioned Costs**

None

### **Effect**

Errors may occur and go undetected and it increases the risk of fraud. Fraud could occur where employees have access to financial records and/or assets of the County, and could perpetrate fraud for their personal financial benefit.

## **Cause**

Limited staff available.

## **Recommendation**

We recommend that one employee prepares the checks for vendor payment and another employee mails the checks. We also recommend that the duties performed in the Circuit Clerk's office be divided amongst the various staff members to prevent the same employee from having access to financial records and/or assets of the County.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

Section II – Financial Statement Findings (Continued)

2014-001 Lack of Segregation of Duties (Continued)

### Auditee Response

The County offices will segregate accounting duties whenever possible. The Treasurer and County Finance Committee and Board will monitor monthly financial results and obtain explanations for unexpected variances from budget appropriations and prior year results.

2014-002 Lack of Controls over Financial Statement Preparation

### **<u>Criteria/Specific Requirement</u>**

McDonough County is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The County's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

### **Condition**

The County does not have sufficient internal controls over the financial reporting process. The County maintains their accounting records on a cash basis of accounting. While the County maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the County's records, noted the following:

- The County did not maintain adequate controls over the financial reporting process and numerous adjustments were required to present financial statements in accordance with generally accepted accounting principles.
- The County does not accumulate all necessary capital asset information to identify all purchases that should be capitalized during the fiscal year.
- The County does not maintain all funds of the County in the Treasurer's office on the computerized accounting system.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

Section II – Financial Statement Findings (Continued)

- 2014-002 Lack of Controls over Financial Statement Preparation (Continued)
  - The Health Department maintains a separate manual ledger for cash receipts and deposits. The manual ledger is not reconciled to the accounting software to verify that all activity is properly reported in the accounting software.

### **Questioned Costs**

None

### **Effect**

Management or employees in the normal course of performing their assigned functions may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

### Cause

Lack of staff available and limited funding to comply with the requirement.

## **Recommendation**

We recommend that the County record all audit adjustments in the general ledger system and accumulate any year end conversion adjustments from cash to modified accrual/accrual basis of accounting. We also recommend that the County maintain a separate general capital asset fund in the general ledger system to capture all necessary information for the conversion to their government-wide financial statements in their annual financial statements. We also recommend that as part of its internal control over the preparation of its financial statements, including disclosures, the County should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable generally accepted accounting principles, GASB pronouncements, and knowledge of the County's activities and operations.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

Section II – Financial Statement Findings (Continued)

2014-002 Lack of Controls over Financial Statement Preparation (Continued)

### Auditee Response

The County will record all audit adjustments and work towards developing procedures to accumulate conversion adjustments to present financial statements in accordance with generally accepted accounting principles. The County will review, approve, and accept responsibility for the proposed audit adjustments and the financial statements and related notes.

2014-003 Inadequate Bank Reconciliation Procedures

### Criteria/Specific Requirement

Bank reconciliations should be performed and reviewed for all cash accounts monthly.

### **Condition**

During the audit, we noted that various County bank reconciliations where the bank balance was not reconciled to the trial balance. We also noted various cash accounts maintained by the Sheriff's Department were not reconciled as of the end of the fiscal year.

### **Questioned Costs**

None

### **Effect**

Errors may occur and go undetected or may not be recognized and resolved on a timely basis. The lack of review or reconciliations could cause fraudulent activity to go undetected or cash accounts to be materially misstated.

#### Cause

Limited staff available and lack of review procedures.

### **Recommendation**

We recommend that all bank reconciliations are reconciled and reviewed monthly.

#### Auditee Response

The County will perform bank reconciliation procedures for all bank accounts and will be reviewed by an individual other than the reconciler monthly.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

#### Section II – Financial Statement Findings (Continued)

2014-004 Inadequate Grant Administration

### Criteria/Specific Requirement

Grant administration should be performed to verify all payments are properly received, all expenditures are eligible under the grant, and the grant compliance occurs.

### **Condition**

During the audit, we noted that the County does not have a central administrator of grants received by the County. Management was unable to provide a schedule of all federal expenditures for single audit procedures. We also noted the Health Department is not reconciling the expenditures reported to the grantor agencies to the expenditures recorded in the general ledger system.

### **Questioned Costs**

None

## **Effect**

Expenditures may be reported to the granting agency that are not eligible expenditures potentially resulting in unallowable expenditures and noncompliance with state and federal statutes and regulations. There may also be federal grants that are not properly reported on the schedule of expenditures of federal awards.

## <u>Cause</u>

Limited staff available and lack of review procedures.

### **Recommendation**

We recommend that the County have a central grant administrator who obtains all necessary information to verify that all grant payments were properly received, all eligible expenditures were properly reported to the granting agency, and grant compliance occurs.

### Auditee Response

The County will implement procedures to centralize the necessary information for the proper reporting of grant expenditures and receipts. The Health Department will also establish policies and procedures to reconcile grant expenditures to expenditures reported in the accounting software.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

### Section II – Financial Statement Findings (Continued)

2014-005 Inadequate Controls over Cash Receipts

### Criteria/Specific Requirement

Cash receipts should be properly documented to determine that all cash received is ultimately deposited.

### **Condition**

During the audit, we noted that the Health Department does not prepare receipts for all cash received at the Department. We also noted several receipt books are used at any given time and therefore, receipts are not maintained in numerical order.

### **Questioned Costs**

None

### **Effect**

Receipts may be received at the Health Department that are not properly deposited into the Health Department's cash accounts.

### Cause

Limited staff available.

### **Recommendation**

We recommend the Health Department prepare a receipt for all cash receipts received. We also recommend that the receipts be maintained in numerical order to properly verify that all cash received at the Health Department is properly deposited.

### Auditee Response

The Health Department maintains two cash receipt books for the front desk and the wellness clinic. Policies and procedures will be established to maintain both books in the same manner. Receipts will be written for all transactions and an audit of both receipt books will be conducted once a month by an independent person such as the division director, Administrator, or Business Office Manager.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

For the Year Ended November 30, 2014

### Section II – Financial Statement Findings (Continued)

2014-006 Inadequate Controls over Fines and Fees Assessed by the Circuit Clerk

### Criteria/Specific Requirement

The Clerk of the Circuit Court of McDonough County should ensure all fines and fees are properly assessed in accordance with the Illinois Compiled Statutes.

### **Condition**

During the audit, we noted that the Circuit Clerk's office failed to assess certain fines and fees required by the Illinois Compiled Statutes on several cases selected for testing.

### **Questioned Costs**

None

### **Effect**

The Clerk of the Circuit Court may not assess all fines and fees in accordance with the Illinois Compiled Statutes (Statutes) and therefore, would not distribute the appropriate fines and fees as directed by the Statues.

### **Cause**

Limited staff available and lack of review procedures.

### **Recommendation**

We recommend the County implement a review process to determine that all fines and fees are assessed in accordance with the Illinois Compiled Statutes.

### Auditee Response

The County will continue to research and monitor updates and changes made to the Illinois Compiled Statutes, especially for fines and fees assessed frequently.
